

Title: Provide reviews for each beach location

Description: Within each beach entry, the user will have the ability to write a review for a beach that they have visited and view the reviews other users have written and see an average rating of each beach. The review will consist of a rating out of 5 followed by a title and the main body of text where the review is found. The user will have a limited amount of characters to write the review, and they must be logged in order to write and publish the review.
